at lowest prices.

URS. FOWN IAV, Franklin Square is the market opened. The needs of an uncovered short interest which had expanded to unwieldy proportions in the course of the bold operations of yesterday made themselves felt at the very opening. Resort had been made to the London market before trading had started here and prices opened, therefore, at substantial advances over yesterday's closing level in the majority of the list. The bears made another stand to dominate the market and a flerge contest was waged during the whole of the first hour of the market. The vulnerability of one or two stocks had a sympathetic effect on the sell at the lowest possible prices. Trade here once and you'll be a regular customer. the whole list and a short period of general weakness intervened. Sufficient obstacles to a further decline were encountered to turn prices upwards again. Besides the overestended short interest in the local market, a substantial factor towards recovery was the improved monetary and investment situation; in farsign markets.

signs of sacrifice selling of shocks in yesterday's market. The fall in money rates since the first of the year coincident with the fall in prices of stocks has resulted in shifting the advantage in investment return to the holding of paying dividend stocks rather than in placing of loans. The declaration of an initial dividend on the common stock of the New York, Chicago and St. Louis railroad and the increase in the Cambria Steel dividend were incentives to the hopes of investment holders and buyers of stocks. The iron and steel trade reports and returns of railroad earnings helped this feeling. There was no lack of funds offering on call, in spite of yesterday's stock market disturbance, and buying of stocks was thus encouraged. Buying was going on actively at the highest prices of the day when the day's session ended. Bonds were irregular. Total sales, par value, \$4,932,000. Bath Street jan14daw

# REPORT SUBSTITUTES TO UMPIRE

New Rule by President Lynch-Eddie Bridges Signed by Pittsburg-Other Sporting Notes.

New York, Jan. 20.—President Lynch of the National league, who is also a member of the joint rules committee, has decided that in the future before a substituted player can actually be considered. Walsh, Irish Five, Central Athletic Club, Norwich, Conn. has decided that in the future before a substituted player can actually be considered in the game he must first report to the umpire, just as is done in football. It is the captain's duty, according to Lynch, to report changes in the lineup, and for every omission to do so he is to be fined \$5.

President Lynch decided on this cure of the substitute evil today, after a conference with New York newspaper men and with Charles H. Ebbetts, president of the Brooklyn club. It had

per men and with Charles H. Ebbetts, president of the Brooklyn club. It had been Lynch's impression that a player who was substituted for another man must first notify the umpire that he was entering the game, but on reading rule No. 28 of the playing code he discovered he was mistaken.

By the assessment of the \$5 penalty President Lynch thinks the public will cease blaming the umpire for not announcing changes of which he was not aware. The new rule, however, will absolutely fix the time when a player is in the game.

Expecting Dan Murphy to Win. A grand struggle is expected this evening when Bill Collins of Central Village, the middleweight champion wrestler of Connecticut, and Dan Murphy of Norwich, second baseman for Connie Mack's Philadelphia Americans meet in a hendicary match at for Connie Mack's Philadelphia Americans, meet in a handicap match at Willimantic. The main match will be that Murphy must throw Collins once in an hour to win, and a side bet of \$50 has been hung up. Danny will be well represented by a fine contingent of Norwich followers and admirers, who are optimistic that he will throw the markets.

The surprise was the defeat of Shaw and Hutchins of Boston, the former having been national champion twice. Scott and Fearing, doubles champion of 1908, won the best played match. London account was an influential factor in the day's market here. Commission houses with membership in the stock exchange were agreed that an investment demand from domestic capital was developed also by the more inviting level of prices for stocks established by the recent break.
